20967	PC Clear electric arc*	EN 166/1B89 CE	250mm	1,5mm			✓	✓						✓		✓	

PC = Polycarbonate

\*protection against electric arc's up to 400 volts

\*\*The unique beehive shaped etching provides a light transmission of up to 25% more than a regular mesh visor. This allows you to continue working late afternoons in weaker light with retained safety.

\*\*\*Must not be used when welding.

# Hellberg visor selection

## Choose a carrier

### SAFE 1

37150-001

Attachments and neckband for mounting on headband.  
*Visor not included.*

### SAFE 2

Visor carrier FLEX

Visor carrier standard

Slot adaptor

Visor attachments for helmet mounting. Can be used with or without hearing protection

20901-001	Visor carrier std.
20901-010	Visor carrier std. Low*
20901-501	Visor carrier FLEX**
20901-510	Visor carrier FLEX** Low*
29904-001	Slot adaptor 30mm***

\*Use the low carrier on helmets with side opening for hearing protection.

\*\*The FLEX carrier seals the space between carrier and brim. Also provides a better fit on helmets with short or no brim.

\*\*\*For visor mounting without hearing protection.

### SAFE 3

61100

Browguard  
Can be used with or without hearing protection.
