

SECURE Neckband Passive hearing protection

The SECURE neckband style hearing protector offers great versatility to the user. A perfect solution when you need hearing protection in combination with bump caps, helmets without attachment slots or head mounted face protection. The velcro support strap is easily adjustable to any head size and ensures that the hearing protector stays in position. The replaceable ear cushions enable regular replacement for a long lasting and high performing product.

Available in three protection levels, clearly indicated with bright safety colours for easy identification and selection.

Features

- » Non-conductive insulated steel wire neckband
- » Colour coding for easy selection and identification
- » Soft cushions with smart “snap-in” system for easy replacement

Attenuation data

SECURE 1N

EN 352-3:2002, H-29dB, M-23dB, L-16dB, SNR 26dB, Weight 192g
